

RELOCATION OF UNRECORDED FOOTPATH

The Parish Council agreed to support a planning application to re-route the unrecorded footpath that runs along the edge of the Low Ackworth car park.

This is to allow the creation of more parking spaces which will benefit the residents using the community centre and the parents/carers dropping off and picking up children from Ackworth Howard School.

The short section of re-routed path will run round the edge of the new car parking spaces.

The land is owned by Wakefield Council and is leased to Ackworth Parish Council.
