

## **Proposal from Cllr Roberts – F&GP Meeting 20<sup>th</sup> February 2022. Agenda Item 12**

The CIL Proposal:

I Propose that the CIL Funding be equally distributed between all the previously agreed projects as a starting budget and for Reserves to be used as needed to see them through to completion:

The CIL Projects:

1. Exercise Equipment along Dando Way
2. New building project for Low Ackworth Community Association
3. Making the new Quarries Community Centre operational, fitted and furnished out ready to be used by the community

I suggest equal thirds be allocated to each of £38k and if a project is completed and some of the CIL money is left over then this can be used to top up the other CIL projects until all three are completed.

## **Proposal from Cllr Balfour – F&GP Meeting 20<sup>th</sup> February 2022. Agenda Item 13**

I propose that Ackworth Parish Council uses its Reserves to fund the following:

### **1. The CIL projects to see them completed of –**

1.1 Gym Equipment along Dando Way to see this Project completed as needed.

1.2 The Low Ackworth Community Centre to see the project started and completed with a new building and meeting the needs of all the procedures needed to see this through. (This could include, planning permission applications, drawing up legal documents, hiring a project manager for this specific project and may even include providing some resources such as Chairs and tables).

1.3 The New Community Centre – (The Quarries Community Centre) – to meet the requirements of this project and getting the centre ready to be used by the Parish Council and the public. (Examples of things that this may include are purchasing shutters, blinds, lights, office equipment and furnishings, meeting the needs of each room so all facilities are available for use, legal, maintenance and anything else needed to make the Quarries Community Centre safe and operational to a good standard).

### **2. Other projects suggested by the Parish Council:**

2.1 A new play area at the new Quarries Community Centre and the land due to be given. Repair the roof of the Bell Lane Community Centre and for this to include installation of Solar Panels **and battery storage**.

2.2 Improvements to all Community Buildings, amenities and facilities as listed below:  
The Brackenhill Community Building to see this remodelled to be a better facility for the Parish.

Bell Lane Community Centre to remodel the Office to allow for better use of the space and for the expansion of the team **and hybrid working from home**.

Cemetery Building to be repaired where needed and this space to be reworked and made efficient as possible.

2.3 Playgrounds throughout the Parish to be made all inclusive for everyone. (This isn't limited to any one ability need and an example would of meeting this would be providing new equipment for wheel chair users).

2.4 The entrance signs to the village, it was previously agreed that the mill stones which have the Ackworth signs currently located on them be retained but there be a Yorkshire Rose symbol placed on them instead.

**ALL THESE PROPOSALS ARE AGREED ON THE CLEAR UNDERSTANDING THAT WHEREVER POSSIBLE GRANT FUNDING WILL BE SOUGHT FOR THESE PROJECTS.**
